2015 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

TOWNSHIP OF OCEAN

FIRE DISTRICT NO. 1

FISCAL YEAR: January 1, 2015 to December 31, 2015

Answer all questions below. Attach additional pages and schedules as needed.

Complete a brief statement on the 2015 proposed Annual Budget and make comparison to the 2014 adopted budget.
 Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change.
 Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

The overall budget is decreasing by approximately \$214,000. Generally the decrease is from 2014 special purchases: apparatus and FEMA grant equipment. Whereas, the Amount to be Raised by Taxation increased by 5.3% due to a decrease in rateables. The individual lines that increased or decreased by 10% or more are as follows:

Unrestricted Fund Balance utilized increased by 14.8% to compensate for the loss of rateables.

Restricted Fund Balance utilized decreased by \$130,000 because in 2014 Capital Funds were appropriated for the purchase of apparatus and less is needed for 2015.

Revenue from the First Aid Squad decreased by 100% because the Squad purchased an ambulance in 2014 and may not have sufficient funds in 2015 to pay the District.

FEMA Grants decreased by 100% because the Board does not anticipate any FEMA grants in 2015

Donations are decreasing by 100% because the Board does not anticipate any donations in 2015

Administrative salaries decreased by \$41,912 (16.3%) in 2015 due to a change in the personnel needs as reevaluated

Commissioners took a \$2,500 (16.7%) increase in their compensation to reflect their increase workload

Election expense increased by \$600 (46.2%) due to an increase in the cost of the annual election

Advertising is increasing \$500 (33.3%) due to the rising cost of legal notices

Hurst Tools are decreasing because there is no FEMA funds anticipated

Debt Service is increasing by 100% because it is the first year for lease purchase payments

Office expense is decreasing by 13% due to less of a need for office supplies

Travel expenses are increasing by \$4,500 (23%) because of the location of this year's convention

Membership/Dues is decreasing \$500 (13%) to reflect anticipated memberships

The District medical expenses are decreasing by \$1,000 (20%) because less new members are expected

Permits are decreasing \$500 (33%) to reflect actual expenses

Expense Reimbursement is increasing \$3,000 (12%) to account for rising costs

Fire Marshall equipment is decreasing because no FEMA funds are anticipated

Truck equipment is increasing \$50,000 to outfit the new apparatus and to replace older equipment

LEA Expense has been classified to other budget lines

2. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unrestricted Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

The Amount to be Raised by Taxation is increasing by \$83,844. There was a decrease in the rateables which results in an increase in the taxes and a \$.002 increase in the tax rate. The increase is offset by utilizing \$225,000 of Unrestricted Fund Balance. This will leave a balance of \$338,748 which is 20% of the Amount to be Raised by Taxation. The Board also utilized \$100,000 of Restricted Fund Balance, leaving a \$384,401.

3. Include a statement explaining how the Fire District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum.

The 2015 Budget is under the levy cap and has not utilized any unused levy cap funds

4. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation.

N/A

5. Complete a brief statement on the Annual Budget's proposed capital appropriations and payment methods, including debt service for the proposed budget year and for future years.

This is the first year of a lease purchase for apparatus.

6. If the proposed Annual Budget contains an amount for a Cash Deficit of the Preceding Year pursuant to N.J.S.A. 40A:14-78.6, then explain the reasons for the occurrence of the deficit.

7. Re: Communications Shared Services Fee - 2015

Dear Administrator;

It has been determined by the Board of Chosen Freeholders that the formula calculation for the 2015 billing cycle will increase 1%. Based upon your 2014 actual fee of \$20,140.41, your 2015 fee will now be \$20,341.81.

This fee is calculated based upon your 2012 baseline total fee, while also accounting for current population estimates, the labor costs associated with the number of officers required to perform the service and your average yearly call volume.

We will continue to move forward on a flat fee basis that best reflects the drastic changes and upgrades to our technology systems. This will allow for a streamlining of the accounting process for all parties while avoiding any unanticipated spikes in your fee structure in years of heavy call volume due to natural disasters or other unforeseen circumstances at the local level.

As you may expect, the significant technological upgrades the county has invested in directly impact the overall cost of services. These investments are necessary to continue to provide the most up to date and state of the art telecommunications and mobile operations systems available to help insure the safety of our residents and first responders.

Our Public Safety Communications Center, a \$20 million plus county investment and regional model of excellence, now allows for countywide interagency operability through our mobile radio system and license plate reader technology run through our premium IT platform. Through our partnership, we are excited to pass through the benefits of these invaluable investments and thank you for your continued efforts to help us partially offset our growing cost of operations through a modest 1% increase in fees for year 2015.

Thank you for your time and attention. Please do not hesitate to contact me at 732-577-8709 if you should have any questions.
